

Increase Your HPPI Understanding Via a Boosted Reading Circle!

Pastinen, Markus. 2010. High-Performance Process Improvement. Springer-Verlag: Berlin/Heidelberg. ISBN-10: 3642107834, ISBN-13: 978-3642107832.

NEW! Services to Increase the Understanding of HPPI!

The services are grouped around the concept of the *reading circle*. The reading circle, led by a facilitator, is a problem-solving study group to guide the discussion and understanding of the issues presented in the HPPI book. The circle meets to analyze and discuss a particular problem or substance area related to HPPI. It can also invite a HPPI expert to boost the discussions.

The services include: a) the kick-off seminar, b) customized in-house seminars/workshops, and c) special sessions.

a) The Kick-Off Seminar

The kick-off seminar, led by a HPPI expert, may range from a few hours to a day. It introduces the main concepts and issues related to HPPI. It contains also a workshop where the objectives and points of interest of the reading circle are preliminary defined.

b) Customized In-House Seminars/Workshops

Once the reading circle is up and running it is possible to introduce the concept of HPPI to other key persons, and utilize customized in-house seminars or workshops for a specific group of people such as e.g. the executives, improvement experts or line managers. These seminars may also benefit from first-response in-house cases conducted to boost understanding of HPPI.

c) Special Sessions

The special sessions consider one specific issue related to HPPI. The targeted issue, supported by a set of cases, is studied in great detail to learn more and to pose new questions to consider. The special sessions may also include sessions to plan for a HPPI implementation.

Start today by forming a HPPI reading circle – and boost it with services of your choice!
